

Husain Poonawala Testimonial

(Christ Church)

1. Quicker Learning:

I can now learn much faster than before after coming to express learning as my speed of learning has increased very much. I recently learnt one poem in just 10 minutes time which made me realize that my learning has quickened to a great extent.

2. More Control:

Earlier I used to blink my eyes a lot but after coming to express learning I have full control over myself and therefore my blinking has reduced very much.

3. Increased Memory:

Earlier I used to take one full day to learn a chapter but now I can do that in half an hour's time.

4. Improved Concentration:

I could barely concentrate for 5 to 10 minutes earlier but now I can concentrate for half an hour at a stretch without any distraction.

5. Better in Sports:

I can now kick the ball better than before and also take the ball from the opponent much quicker than before as my entire game of football has improved tremendously.

6. Improved Mathematics:

Earlier I could do good in mathematics only if I attended tuitions but now I can score good marks even after I have stopped going to tuitions.

7. Richer Language:

Earlier I could not understand what my friends said when they spoke in Hindi but now I can understand and even speak fluently in Hindi.

8. Faster Reading Speed:

I can read much faster than before as earlier it would take me as long as 6 hours to read 100 pages but recently I completed a hundred page book in 30 minutes. I was even asked questions from this book which I answered perfectly without any mistake therefore my reading speed has increased along with proper understanding.

9. Deeper Focus:

Earlier whenever I was given a task to complete I would just start it and then leave it but now I focus completely on the task and finish it at one go itself due to my increased focus.

10. Increased Confidence:

Recently I won a gold medal in the relay competition on sports day as I was confident about myself and that I would be able to achieve this.

11. Higher Level of Interest:

I am now more interested towards studying in school and Madrasa but earlier my interest level was very low.

12. More Cheerful, Active & Participative:

I can now participate in all the activities in my school as I have become very active I recently participated in a talk show.

13. Better Academics:

I can now score 21 or 22 out of 25 but earlier I could never score above 15 in this examination.

14. More Creative:

I have become very creative in whatever I do as recently I was given a cloth and I made something creative from it. I made something very unique which I myself had never thought that I will be able to make.

15. Great Interpersonal Skills:

Earlier I could only talk to 6 or 7 people in my class out of 40 students but now I have made friends with all the students in my class and can talk to them confidently.

16. Heightened Observation:

I recently went to my friends house and I observed that he had a special clock with all unique colour combinations. Earlier I had been there several times but I did not observe but after coming to express learning my observation has improved very much.

17. Expanded Self Esteem:

My school was selecting students for sports but earlier I was in two minds whether I should participate or not, but due to my expanded self esteem I not only participated in the sport but also got selected and won a silver medal.

18. Better Control of Emotions:

Earlier I used to get angry if any of my friend teased me but now I can control my emotions therefore I just ignore and move ahead.
