

## Fatema Calcuttawala Testimonial

(Taiyebiyah Girls High School)

**1. Increased Confidence:**

My confidence has really improved as I can now perform many tasks without hesitation which I use to fear doing earlier.

**2. Richer Language:**

I can now understand English and Hindi language much better than before as earlier I would fail to understand it completely.

**3. Improved Concentration:**

I can now concentrate on whichever activity I perform as I can now cook my food without any kind of distraction which was not the case earlier as I use to get easily distracted but now it has completely changed. I can even concentrate much better in my class.

**4. Quicker Learning:**

I can now learn much faster than before as I finish memorizing a part of the holy quran in half the time I use to take earlier

**5. Better Mathematics:**

My overall mathematics as a subject has improved drastically as I can now solve algebra sums much faster than before along with greater understanding.

**6. Enhanced Intuition:**

My intuition has also developed a great deal as in my History and Mathematics examination I almost got the same questions which I had predicted earlier.

**7. More Participative:**

I have become more participative as I like to participate in whichever opportunity I get but earlier I would not participate in anything.

**8. Higher Creativity:**

I have now become more creative than I was earlier as I can think better and get unique ideas which was not possible earlier.

**9. Better Control of Emotions:**

I can now control my emotions much better than before as earlier I use to fight a lot with my brother but all that has become very less after I joined this class.
