

Adam Lokhandwala Testimonial

(Beacon High School, Bandra)

1. Increased Memory:

I can now memorize and retain things for a longer period of time as earlier I used to forget whatever I learnt in 1 days' time. Now I can learn and remember for more than a month.

2. Better Control of Emotions:

Whenever my sister said anything to me I would get irritated very fast but now I can control that completely.

3. Improved Concentration;

During my tuition classes I used to find it very difficult to concentrate on studies and as soon as something happened my mind would get distracted. Earlier I could only concentrate when my tuition teacher was there with me but now I can even concentrate properly the absence of my teacher.

4. Sharper Intelligence:

I have become much more intelligent then I was earlier as I can now visualize the entire answer after reading it. A picture of the entire answer flashes inside my mind after reading it. This was never possible before.

5. Better Mathematics:

Earlier whenever I came across a difficult sum, I would skip that and solve only the easy ones but now due to my greater understanding in Mathematics I am able to solve all kinds of sums including the difficult ones.

6. Richer Language:

Earlier I used to feel afraid of speaking in the English language specially in using new words but now I can do that very easily. I could understand Marathi easily but I would find it difficult to speak in it but after coming to Express Learning I can speak basic Marathi fluently.

7. Higher Level of Interest:

I used to feel bored in Hindi and therefore I would postpone any homework or project given for it but now I feel more interested in the subject. I am now more interested in my studies but earlier I would feel so bored that I would run away from it. My interest in drawing has also increased

8. Faster Reading Speed:

I can now read Marathi much faster than before as earlier I would stumble several times while reading it but now that has completely changed. I can now read faster along with proper understanding.

- 9. Improved Recitation:**
I can now recite in all three languages much better than before especially in Marathi where my teacher praised me in front of the entire class.
- 10. Increased Confidence:**
I can now learn five big answers together due to my increased confidence but earlier I would learn only one answer at a time.
- 11. Quicker Learning:**
Earlier I would not be able to memorize even half of a chapter in one tuition class but now I can memorize one entire chapter in the same time.
- 12. More Participative:**
Earlier I would not answer any questions asked by my teacher in the class even if I knew it. I would rather tell the answer to my partner and he would answer it. Now due to my increased participation I can now answer all the questions in the class.
- 13. More Active:**
Earlier my parents would find it difficult to wake me up early in the morning due to my laziness but now I set my own alarm and wake up before them.
- 14. Greater Creativity:**
I feel that my creativity in the game of cricket has increased tremendously. As a bowler I can think more creatively and therefore I can make the batsman out with that.
- 15. Improved Sports:**
My overall game of cricket has developed to a great extent especially my bowling I recently took 4 wickets in just 3 overs which is a great achievement for me.
- 16. Greater Interpersonal Skills:**
I had joined a club in which I would not talk to anyone and I would feel afraid to speak to anybody but after coming to Express Learning I can talk to anybody I want without any fear.
- 17. Heightened Observation:**
I can now observe all new things around me which was not possible earlier.
- 18. Expanded Self Esteem:**
Earlier I did not feel good about myself and therefore I would not try to bowl in any different manner but now due to my expanded self-esteem, I try new things in my bowling as the off cutter and the knuckleball which help me in getting successful results.
- 19. Enhanced Intuition:**
I recently felt that it would rain though it was not the rainy season and it actually happened in reality.
- 20. Stress Free Studies:**
I am now much more calm and relaxed while studying for the exams than before as earlier it was totally the opposite.
