

## **Burhanuddin Poonawala Testimonial**

(Christ Church)

**1. Improved Concentration:**

I can now concentrate much better than I could earlier as my concentration power has increased.

**2. Quicker Learning:**

I can now learn one chapter in just half an hour but earlier it used to take me more than an hour to learn the same thing.

**3. Sharper Intelligence:**

I feel from inside that my intelligence has increased much more than it was earlier.

**4. Better Mathematics:**

Earlier I used to hate studying mathematics and therefore I would score less marks but now I score as high as 15 out of 20 in my unit test. Earlier I could not remember the tables but now I have learnt all the tables very comfortably.

**5. Richer Language:**

I feel that my English language has improved a great deal after coming to express learning.

**6. Faster Reading Speed:**

I can now read much faster than before. Earlier I would read very slowly in my classes but now that has changed completely.

**7. Increased Confidence:**

I feel that my confidence has increased to a much higher level than it was previously.

**8. More Active and Participative:**

I have now become more active in whatever work I do and I also have started participating more in school than I used to earlier.

**9. Higher Creativity:**

I can now draw much better than I could earlier. I recently won a prize in the drawing competition.

**10. Better in Sports:**

I feel that my game of football has improved a great deal after coming to express learning.

**11. Greater Interpersonal Skills:**

Earlier I used to feel shy while talking to strangers but now I can ask anyone to play with me without any hesitation.

**12. Heightened Observation:**

I feel that my observation has improved very much. Recently in my Madrasa I noticed that something had fallen down from the board which no one else did.

**13. Expanded Self-Esteem:**

I now feel good about myself and therefore I can achieve anything which I could not earlier.
