

## Fatema Rangwala Testimonial

(MSB Educational Institute)

**1. Improved Concentration:**

I can now concentrate for half an hour at a stretch but earlier I would lose my concentration in 8 to 10 minutes.

**2. Increased Memory:**

I used to take half an hour to memorize half a page from the Holy Quran but now I can memorize that same thing in 15 minutes. I can also remember my school answers much faster than before.

**3. Higher Creativity:**

My drawing has improved to a great extent after coming to Express Learning as when I compare my recent drawings with the ones that I made earlier I can see the huge difference.

**4. Better Mathematics:**

Earlier I used to score only 5 or 6 out of 10 but now I score 8 or 9 out of 10 in my unit test. Hence my mathematics has improved much better than before.

**5. Better Language:**

I can now speak Hindi and Marathi much better than before. I can also write Hindi & Marathi better than before as my overall language has developed. My vocabulary in English has also improved as I get more marks in my dictations.

**6. Faster Reading Speed:**

I can now read much faster than before in Hindi and Marathi to the extent that I can now read 2 chapters in the same time in which I used to read one chapter. My reading speed has doubled.

**7. Deeper Focus:**

I can now focus much more than before as earlier I could only focus for 20-25 minutes at a stretch but now I can focus for 1 hour together without any distraction. Earlier my focus used to be only in watching television and playing on my mobile but now my focus has shifted towards studies and hifz that is memorization of the Holy Quran.

**8. Increased Confidence:**

Earlier I used to feel nervous to perform blindfolded in front of anyone but now I can do that on stage in front of hundreds of people.

**9. Higher Level of Interest:**

Earlier I was only interested in studying mathematics as it was my favorite subject but now I like studying English, Hindi and Social Studies along with mathematics.

**10. Quicker Learning:**

I can now learn one page answer in half an hour time but earlier it used to take me more than an hour to learn the same thing.

**11. More Participative:**

Earlier I did not participate in any board games played in my family gathering but now I am much more interested and participate in all the board games that are played.

**12. Higher Marks:**

Earlier I used to score 4 or 5 out of 10 but now I score 7 or 8 in my English test. My marks in Hindi test have also improved from 2 or 3 out of 10 to 8 or 9 out of 10.

**13. Better in Sports:**

I can now run much faster than before as earlier I would come second last or last in the race but recently I won a bronze medal in a relay competition.

**14. Greater Interpersonal Skills:**

I can now talk to strangers comfortably but earlier this was never possible.

**15. Heightened Observation:**

I can now observe much better than before as earlier I played a game where you are shown 15 things and you have to write down whatever you remember I could only write five or six things before I came to Express Learning. Now I can remember and write 12 to 13 things which is more than double.

**16. Expanded Self-Esteem:**

Earlier whenever I answered in class, I used to feel that my answer is wrong as I had low self-esteem. Now I am confident that my answer is right due to my expanded self esteem.

**17. Enhanced Intuition:**

I got a thought that we will be made to play games on the last day of our school and it actually happened that way in reality.

**18. Higher Creativity:**

I can now make best out of waste due to my enhanced creativity as I recently made a pen stand out of a box.
