

Mohammed Khan Testimonial

(Aditya Birla)

- 1. Memory has sharpened:**
Previously I use to take a lot of time to learn only 3 words and now I learn so fast that in 15 minutes I can learn a brief answer.
- 2. My Handwriting have improved:**
It has become much better than before and I can write neatly.
- 3. Learning and Writing has become faster:**
Previously I use to take a lot of time to learn answers and write things in my book, but now all of that has speeded up.
- 4. The Confidence level has shot up tremendously:**
I never had confidence ever before in my life. But now I have become very confident. For example: In my school Carnival in grade 4 somebody took my ticket forcefully and that person went on stage and I felt very shy, and today after 1 year, I went on stage in the carnival with confidence. I have also participated in a stage show where I had to perform as Albert Einstein. I also feel that I know answers about various things because of the increased confidence.
- 5. My Sports has improved:**
Now I have become much better in football. I have learnt the rainbow technique in football and I also searched ways online to make the rainbow skill better. This made the ball reach my height which would not happen before and the ball would cross my head and would fall behind me. I have also improved in cricket as I would get out very fast before and now the grip on the bat has increased and I can also focus on the ball very well which helps me to hit the ball for runs.
- 6. Creativity has increased:**
I can imagine things very well which I could not do before.
- 7. Intelligence has increased:**
Once there was a person who asked me a 7th standard question and I understood the question despite of being in 4th at that time. So that is the improvement in my intelligence.
- 8. Mathematics has Improved:**
I can solve maths problems faster than before. My understanding in maths has also boosted and has become better which I could not understand previously.
- 9. The English Language has improved:**
Previously I could not speak so fluent English but now I can speak English very fluently.

10. Reading Speed has become fast:

Once my teacher asked us that how many words you can read in a minute. I read 58 words in one minute before and in the second test I read 68 words in one minute. I can read 5 pages in 3 minutes and previously I would take 1 minute for half a page.

11. Focus has increased:

Previously my father told me to stop playing cricket and to only play football as it would be difficult to focus on both the things together. But now I can play both the sports well because of the enhanced focus. In addition to that, I can also focus on the cricket ball very well which makes it very difficult to take my wicket. I can also swing the cricket ball very well.

12. Level of Interest has Increased:

Previously I hated Social Studies and now I am very much interested. I learnt curiously about George Washington and in the test I scored 2nd in the class.

13. Improved Participation:

My friend didn't have the guts to perform in front of the entire school. But I motivated him that he could perform in front of the entire world.

14. Marks Have Improved:

Previously I use to score 16 out of 20 and now I score 18 out of 20.

15. People Skills have enhanced:

I can now make more friends which I could not do before to such an extent that now everybody wants to play with me.

16. Sense of smell has become stronger:

Previously I could smell things but I could not accurately say what was cooked, but now I can say from a distance what has been cooked at home.

17. Observation has improved:

My observation in the library has become better as could observe a thin book from a distance.

18. Self- Esteem has Increased:

Because of my marks I would feel that I was a duffer and an idiot but now I feel really good about myself from inside. I also feel that I am a good batsman better than my friends.

19. Intuition has Developed:

One day when I entered school, I thought that today we will have a lot of homework and we had it in reality.

20. Emotions have come under control:

I can control my anger while having a quarrel with my sister as I use to get angry very fast before which can be controlled now.
