(MSB Educational Institute)

- 1. Increased Confidence:**
I can now answer any question asked in the class by my teacher earlier I used to feel afraid of giving any answer. I can now go and speak in front of my entire class without any fear earlier I would avoid doing this. Therefore I can now participate in all the activities due to my increase confidence as I recently participated in Trinity and I could feel the change.
- 2. Improved Participation:**
I can now participate in all the activities in my school which was not possible to do earlier.
- 3. Improved Concentration:**
I can now concentrate on what my teacher is teaching in the class much better than before as earlier I would get distracted if the bell rang and the teacher is still teaching but now I can concentrate on whatever the teacher is teaching in the entire class even if the bell rings in between.
- 4. Faster Reading Speed:**
I can now read much faster than before as earlier it use to take me 30 minutes to read one big chapter but now I can read the same thing in 10 minutes with proper understanding and retention.
- 5. Higher Level of Interest:**
Earlier I used to feel bored in learning the Holy Quran and I would stop doing it but now I feel much more interested in learning it and it fact I finish learning for the next day in the class itself.
- 6. Better Mathematics:**
Earlier I used to hate doing mathematics and therefore I would take very long time to finish a small part of a chapter but now due to my increased understanding of the subject and faster speed of calculation I enjoying doing it and have become much better at it.
- 7. Richer Language:**
I can now understand the Hindi language much better than before as I am an African I was not used to Hindi at all and I would also hate the subject due to this reason but now I understand the subject better and therefore I also keep my books complete. I can now also write the hindi answers with understanding unlike before where I used to just copy paste. My English language has also improved a great deal as recently we had to submit a story on a particular topic, my entire group could not think of a story but I could easily do it and I submitted on behalf of the group without any of their help.
- 8. Deeper Focus:**
Earlier when my classmates used to eat during the class I would get distracted and would not be able to focus on what the teacher is saying but now I am not bothered about what they are doing as I am focused on my studies completely during the class.

9. Quicker Learning:

I can now learn all the definitions in all my subjects much faster than before as earlier I was unable to do it. I can now also retain whatever I had learnt before which was not possible earlier.

10. Better Academics:

I used to score 4 or 5 out of 10 in my mathematics test but now I score 7 or 8 marks which is a great improvement. I have also started scoring higher marks in all my subjects.

11. More Control of Emotions:

Earlier I used to feel bad very fast even if somebody tells me something very small but now recently my teacher scolded me in front of the entire class for something which was not my mistake therefore it did not affect me at all. Earlier when I used to get angry it would last for the entire day but now when I get angry I can control my anger in sometime.

12. Higher Creativity:

I used to hate doing any kind of drawing but now I not only enjoy drawing but I can also draw much better than before due to my increased creativity.

13. Higher Interest in Sports:

I now enjoy playing tennis and doing swimming along with gymnastics much more than I use to earlier as my interest in sports has increased to a great extent.

14. Better Interpersonal Skills:

Earlier I used to speak to only the people I know and avoid talking to strangers but now even in my school I can talk to anybody freely without any problem.

15. Heightened Observation:

I can now observe minute things properly like recently I came to know that my friend is telling me a lie by observing her expressions.

16. Expanded Self-Esteem:

I now feel much better about myself from inside as recently I was given an opportunity to take part in relay which I accepted on the spot without any hesitation due to my expanded self esteem Earlier I would run away from these kind of opportunities.

17. Enhanced Intuition:

I now get a feeling from inside that this thing will happen at this time and it happens as I had thought for example I told my family that I feel the driver will come in the next 5 minutes and it happened exactly like that.

18. Stress Free Studies:

Earlier I used to you feel tensed that there is so much of work remaining but now after coming to Express Learning I am relaxed and I feel that whatever is pending I will be able complete if I plan it properly.
