

Amira Khan Testimonial

(Christ Church)

1. Better Mathematics:

In my division I was very weak before but now I can do it much better than before.

2. I can think faster:

Now my brain works faster than before. Overall in understanding my studies I can understand and learn things faster.

3. Improved Concentration:

Previously I would get distracted very fast and use to day dream. Now I can concentrate on my studies and also score better marks.

4. Improved Sports:

In one of the sports that I was playing, previously I use to think that I am not good and would feel negative but now I feel more positive that I can do it and I also play that sport.

5. Can answer more clearly:

Previously I use to stumble while answering, but now I can answer fluently with confidence without stumbling.

6. Sharper Memory:

Previously I would take 5 minutes for one answer and now the same I can do it in 2-3 minutes.

7. Higher Confidence:

Previously I use to feel scared for the exams and felt that I would fail. Now I feel more confident that I can face the exam without worrying about failing.

8. Marks have increased:

Previously in English I use to get 7 out of 15 and now I scored 12 of 15.

9. Handwriting has become better:

I can write much more neatly as previously my handwriting was not that neat.

10. Richer Language:

I can speak more fluently in English without falling short of words which previously would not be possible for me.

11. Faster Reading Speed:

Previously I use to fumble while reading every word but now my reading has become smoother and faster than before.

12. Better Focus:

Previously when I use to learn something with my teacher, I didn't have any doubt as I could not understand anything. But now I have started asking questions confidently.

13. More interested in studies:

Previously in Hindi I would not like to study and felt that I won't be able to do it, but now I have developed more interest in hindi.

14. Quicker Learning:

In the English subject I use to take a lot of time to study as I would do time pass before but now I can do it very fast and I also tell her mother to take my studies.

15. More Participative:

Previously I did not like to go for Olympiad and I would go there forcefully but I go there with enthusiasm.

16. More Creative:

In drawing previously I use to draw a circle and a stick and that was also very untidy. And now I recently drew a lady in which she had worn a scarf. So my drawing has improved tremendously.

17. Better Interpersonal Skills:

Before I use to stay alone but now I stay with my friends and now I have many friends. Previously I would just feel alone and alone.

18. Sharper Observation:

I can see words from a distance which are written on the outer building which I could not do before. Now I can also adjust the words between two small places in the exam paper or note book.

19. Higher Self-Esteem:

Previously I use to feel that I am very boring and also felt that I can't do this or that but now I feel that I am very lucky as I have so many good friends.

20. Intuition has Developed:

Once I felt that my mother will shout at Mohammed and Amira and that happened.

21. Better Emotional Control:

I can control my anger better than before which I could not before as I use to fight with my brother and sister a lot but now that has gone down and now I say sorry and stop the fight.
