

Husain Kanchwala Testimonial

(Sir JJ Boys High School)

1. Improved Concentration:

Previously I could not pay attention in the class but now can pay attention for a longer period of time.

2. Quicker Learning:

Previously I would take more time to learn but now I can learn much faster. For example: The answer which use to take 5 minutes to learn, the same can be done in 2 minutes. This means that my learning speed has doubled.

3. Sharper Intelligence:

Previously I could not learn the answers in the class but now can learn them very well. For example: I recently learnt 6 answers in the morning of the test and scored really well. Also in Geometry and Algebra without revising what has been taught in the class, I can solve the sums in the test perfectly which indicates my enhanced brain capacity. For example: In a Mathematics test without studying I scored 8.5 out of 12 which is 71%.

4. Better Mathematics:

My multiplication, division, addition and subtraction has become much faster than before. For example: I can finish the whole Mathematics exercise in the same time in which the teacher finishes teaching one sum.

5. Faster Reading Speed:

Like previously when I would read in the class, I would stumble a lot without any fluency, but now I can read with an amazing fluency without stumbling. I can now read 4 sides that is 2 pages in just 6 minutes.

6. Deeper Focus:

I would only mug up the theory subjects without understanding anything before but now can understand things very well with a deeper level of focus.

7. Increased Confidence:

Previously I never thought that it would be possible to score 85% in the boards, but now I firmly believe that I will be able to score that in his boards. This is the amazing confidence that I have developed.

8. Better in Sports:

After coming to Express Learning, Now I feel more interested while engaging in any sport than what I felt before. My game in both Football and Volley ball has become much better as before I would just stand behind in a volleyball game but now I have evolved as a player in that game.

9. Higher Level of Interest:

Previously I would never study Marathi and would just write answers on my own but now I study Marathi as I have gained interest in that subject and I can even write my answers in a better way.

10. More Active:

Earlier I would get exhausted very fast because of my hectic schedule but now I stay energized even at the end of the day.

11. Faster Grasping Power:

Previously I could not remember my Science answers, but after coming to Express Learning, I can learn them much faster and I have also doubled my marks in the Science subject because of the quicker learning

12. Greater Academics:

Before I used to get 4 or 5 out of 10 which has now become 8 or 9 out of 10. I recently gave a Science test without preparation and scored 7 out of 10.

13. Greater Creativity:

My creativity has increased a lot as I have started making 3D projects and am also more interested in craft compared to what I was earlier where I would take my sister's help. Now I do all of it on my own.

14. Greater Interpersonal Skills:

I used to feel very shy while talking to strangers. After changing my class, I have started making new friends and now can also deal with them more effectively which was not possible before.

15. Expanded Self-Esteem:

I have become more positive in life and I have started feeling good about myself. Earlier I just wanted to pass in the exams with 60% marks but now I have a clear target of scoring 85% in my boards and I firmly believe that I can do it.

16. Enhanced Intuition:

I have started getting instincts now for example: One day in the school, I thought that today sir will not take a test as we were not prepared and that happened in reality.

17. Money counting speed has increased:

The speed of counting money or counting anything, has increased tremendously in me after this training.

18. Phone addiction has gone away:

After this program, my addiction towards my phone has gone away and now I also advice my sister to stay away from the phone.
