

## Insivah Amin Testimonial

(Learners' Academy, Bandra)

1. **Improved Concentration:**  
I can now concentrate for 2 hours at a stretch but earlier this was not possible as I would get distracted in every 5 minutes.
2. **Heightened Observation:**  
I can now observe things very minutely in any puzzle that my teacher gives me, earlier I could not observe the difference between similar colours and I would not be able to identify anything from a given picture but now I can make out what exactly the picture has within it. I can now observe minute things around me like recently I observed something about my partner in class and he was shocked seeing my observation.
3. **Sharper Memory:**  
I can now memorize much faster than I could earlier as earlier it would take me almost 30 minutes to remember one chapter but now I can do the same thing in just 10 minutes time. I can also learn Hindi very fast as I can memorize it by reading it just once but earlier all this was not possible. I can now memorize big words also especially in my Science subject earlier I faced difficulty in doing that.
4. **Richer Language:**  
Earlier I used to find it very difficult to read Marathi and I would understand very little out of it but now I can read Marathi more fluently and can understand everything in it. Earlier I used to find it difficult to speak in Hindi as I had to think properly before speaking every word and therefore I would stumble but now I can speak it very fluently.
5. **Better Mathematics:**  
I can now learn the tables much faster than I could earlier as my overall subject has developed to a great extent.
6. **Faster Reading Speed:**  
I can now read one page in just 2 minutes but earlier it used to take more than five minutes to read the same thing.
7. **Deeper Focus:**  
Earlier I used to find it very difficult to focus continuously on my studies and sometimes my eyes would also pain but now I can focus on my studies very easily without much effort.
8. **Increased Confidence:**  
Earlier in the elocution competition I would find it difficult to come out and speak in front of people but this year I wrote my own poem and recited the same in front of the entire audience.
9. **Higher Level of Interest:**  
I did not like studying subjects like Science and English language but now I enjoy studying them.
10. **Quicker Learning:**  
I used to take 15 minutes to learn one chapter but now I can do that in just 5 minutes.

- 11. Improved Sports:**  
Earlier I used to hate playing cricket and football but now I am more interested in playing them and therefore my game has improved very much. I recently played the game called snap and I noticed that I can play it much better as my brain has become sharper than it was earlier.
- 12. More Active:**  
I feel that I have become more active and therefore enjoy playing outdoor games which was not the same earlier.
- 13. Greater Cheerfulness:**  
I have become more cheerful as I am always in a good mood most of the time but earlier it was the opposite I would always be in bad mood.
- 14. More Participative:**  
I now enjoy participating in the English elocution competition but earlier I would never participate and would just sit in the audience as a spectator.
- 15. Better Academics:**  
I have scored more marks in all the subjects compared to the last year after coming to Express Learning.
- 16. Greater Creativity:**  
I can now make creative things with the waste and I am quite surprised about this development as it was never possible before.
- 17. Greater Interpersonal Skills:**  
Earlier I did not have many friends but after coming to Express Learning I have started making new friends and right now I have a huge number of them.
- 18. Expanded Self-Esteem:**  
Earlier I felt that I could never play badminton but now due to my expanded self-esteem, I feel that I can play good badminton and therefore I have started practicing it.
- 19. Enhanced Intuition:**  
My teacher recently told us to prepare and come tomorrow as she would take a test but my intuition said that she will not take it and it actually happened that way.
- 20. Better Control of Emotions:**  
Earlier I used to fight a lot along with my brother as I used to get angry very fast but now my anger has decreased and therefore we hardly fight with each other.
- 21. Stress Free Studies:**  
I used to take a lot of stress while studying specially Hindi but now I have become stress free thanks to Express Learning.
