

## Moiz Kagalwala Testimonial

(GD Somani Memorial School)

**1. Better Mathematics:**

Now I can do the multiplication much faster than before. The speed of calculating mentally has gone up tremendously. Before joining this training, this was not possible.

**2. Increased Confidence:**

I used to feel very nervous while doing anything. I always felt that I can't do it. Now I have become extremely confident and I recently performed blindfolded on stage in an exhibition which was telecast on cable television.

**3. Improved Concentration:**

After getting trained here, my concentration level has risen immensely as my distraction level has reduced.

**4. Faster Writing Speed:**

I can write my answers in the school and exams much faster than before. Before I used to take more time for the same.

**5. Sharper Memory:**

The learning of the concepts has become much easier as I can memorize faster than before.

**6. Richer Language:**

My English language has improved a lot. I have become a lot fluent in my spoken English.

**7. Higher Level of Interest:**

I have started developing interest in a lot of things. This has happened especially in the madrasa where I can pay more attention due to the developed interest.

**8. Quicker Learning:**

The grasping power has increased so much that I can learn and remember all my answers in one shot without any revision. I could not do this before.

**9. Better Academics:**

Now I have started getting better marks than before. Recently in my exams, I studied at the last minute and without much effort I scored an amazing 77% marks.

**10. More Active & Participative:**

I have started participating in my class without any fear. This was also mentioned in my report card: "Participates in things". I never gave any answer in my class before.

**11. Greater Creativity:**

During school project preparation, I started getting lot of knew ideas which was not possible before.

**12. Greater Interpersonal Skills:**

Previously I used to feel shy while talking to strangers. After coming to Express Learning, I can talk to anyone without any hesitation.

**13. Heightened Observation:**

I can observe things much better than before.

**14. Expanded Self Esteem:**

Whenever I had to try something new, I would feel that I can't do it. Now I have started believing more in myself and feel positive about doing new things even if they are hard.

**15. Enhanced Intuition:**

I get intuitions in my dreams and many times they have turned out to be absolutely correct.
