

Zainab Vasanwala Testimonial

(Hasanat High School, Andheri)

1. Improved Concentration:

I can now concentrate on my studies very well but earlier I used to face a lot of difficulty in doing that. Previously I could only concentrate for half an hour's time and then I would get distracted. Now I can study for 3 hours together at a stretch without any distraction.

2. Better Academics:

My marks in all the subjects have increased and therefore I stood at a higher rank than I usually do in this examination. All this was possible only because of my training at Express Learning. In my recent examination I top scored in 5 subjects which has never happened in my life before and all credit goes to the training at Express Learning.

3. Increased Memory:

Earlier I used to find it very difficult to memorize anything as I would just remember the keywords but now I can memorize the entire chapter word to word if needed due to the great progress in my improved memory.

4. Quicker Learning:

I can now learn all my answers much faster than before. I can also learn The Holy Quran very fast. I would take almost 50 minutes to learn one page but now I can do it in just 20 minutes.

5. Better Mathematics:

Earlier I used to just get passing marks in Mathematics like I scored 38 out of 80 in the last examination but recently I scored a brilliant 71 out of 80 which is a huge improvement.

6. Richer Language:

My English teacher gave a challenge in the class that let's see who can score more than 70 in this exam. I was the only one who scored 74 accepting the challenge. She was very happy that I lived up to her challenge and she congratulated me for that. I can now speak English very fluently which is much better than before. My teacher also has noticed this and she praised me for that. I have also improved in Hindi as I can understand the subject better and therefore I am no more worried about it.

7. Sharper Intelligence:

After my results of the recent examination came out, my teacher gave a very unique complement to my parents that she felt that I had xeroxed the textbook in the answer paper as my answers were written with that perfection. She also said that it was difficult for her to cut my 6 marks as I scored 74 out of 80.

8. Increased Confidence:

I feel much more confident about myself and therefore I have started believing that I will be able to achieve whatever I want. I have become so confident that recently my friend was not feeling good about her life and I continuously spoke to her confidently. She told me today also that you were there in my tough time. All this was possible only due to my increased confidence.

9. Deeper Focus:

I can now focus much better than before.

10. Higher Level of Interest:

I used to hate studying History and Mathematics as I would not enjoy doing it. Now I feel much more interested in doing that. I can now solve Mathematics sums all day long but earlier this was never possible.

11. Greater Participation:

I have now started participating in all the events in my school and therefore I have also become more active. Recently all my classmates voted for me to represent the class as a class representative.

12. Greater Creativity:

I have noticed that I have become very creative in making projects. I can also think better and make something new every time.

13. Better Sports:

I felt that I will not be able to qualify in the racing competition, I not only qualified but also won the competition.

14. Greater Interpersonal Skills:

I can now interact with people much better than before as my skills have developed tremendously.

15. Heightened Observation:

I can now observe small things much better than before as my observation skills have developed to a great extent.

16. Expanded Self Esteem:

I now feel good about myself as I have become very positive. This program has helped me in putting a lot of positivity inside me.

17. Better Control of Emotions:

My anger level has reduced tremendously and I also do not get frustrated very fast as I now have great control over my emotions.
