

## Hasan Rajkotwala Testimonial

(Diamond Jubilee)

**1. Better Academics:**

My marks have improved in so many subjects like Economics, English and Commerce. I used to score only 50% in my previous exams. **This year I appeared for the board exams and scored 82%.**

**2. Increased Confidence:**

I feel that I have become more confident than before while studying as I feel that I can do all my studies properly even if the portion is vast. Previously this was missing in me.

**3. Stress Free Studies:**

I am being able to regulate my emotions successfully. Initially I use to feel the pressure of examination but now I am being able to keep calm and study properly.

**4. Increased Concentration:**

My concentration has improved significantly. Before I came to Express Learning I would get distracted very easily but now I can concentrate for a very long time.

**5. Improved Memory:**

My memory has become much better than before as I am being able to store things for a longer period of time which was not possible earlier..

**6. Richer Language:**

My English language has improved a great deal. I am being able to write more eloquently. Before I use to cut short my answers but now I am able to elaborate it in a fluent way.

**7. Faster Reading Speed:**

My reading speed has increased to a great extent as I can now scan faster along with proper understanding.

**8. Deeper Focus:**

I have become more focused towards my studies as earlier it was the complete opposite and therefore I would take longer time to study but now I can do it in less time.

**9. Higher Level of Interest:**

My level of interest towards studies has increased as I feel more interested in finishing my studies on time.

**10. More Active & Participative:**

I have become more active and participative in various things. I have started answering in my class without any hesitation which was something not done before.

**11. Greater Interpersonal Skills:**

I have become more social. I use to be a bit reserved before but now I have started talking freely to everyone I meet without any hesitation.

**12. Expanded Self-Esteem:**

My self-esteem has increased to great heights as I now feel good about myself and also feel that I can achieve whatever I want in my life.

**13. Enhanced Intuition:**

My sixth sense has also developed beautifully and has made me intuitive. It happens many times that my intuition says that this will happen and it exactly happens that way.
